## **President's Message**

Hello Capitol Woodcarvers,

In a flurry of last-minute activity, the 2022 Capitol Woodcarvers Virtual Auction ended earlier this week. Lots of bidding, outbidding, and re-bidding created quite a bit of excitement and allowed many of our members to take home some very nice items. In the end, this event raised \$1,877 for our club. Your interest in the arts, and your generosity made it all happen. We will be able to use these funds to further the mission of our club and expose more and more people to the art of woodcarving. For that, I offer my thanks and appreciation.

When you get a chance, please join me in offering a high five, a thank you, or a hug to Everett Carter and Bob Curtis. Let them know how much we appreciate their service to the club, and their efforts to make this auction possible. It was no small task. Lots of work happened behind the scenes to collect all the items and then present them to you on our website. It was a very professional event that left a lasting, positive impression of the club. Well done gentlemen!

In case you missed it, we had a terrific presentation at the Club Meeting on Tuesday night. Kelly Stadelman exposed us all to a new way of adding color to our carvings by a tissue overlay. She did a great job and created a lot of interest in the technique. I expect that there will be a rush on napkin sales in the Salem area and that we will see the results at an upcoming show and tell.

The Capitol Woodcarvers have a lot to be excited about. Upcoming classes, the Oregon State Fair, the summer picnic, and the Rendezvous are all on the horizon. Details can be found inside this newsletter. Mark your calendar and I'll look forward to

seeing you at these events. It's been great connecting, re-connecting, and making chips with you. Let's do that again soon.

Enjoy the sunshine,

Terry Moss

## June 28 Club Meeting

## June Club Meeting

June 28, 7:00PM. Please join us to catch up on Club events and to take part in a wonderful presentation by Terry Moss.

Terry will be introducing us to Chainsaw Carving. We often see chainsaw carvers at fairs and other events but many of us have no real understanding of the art.

Terry will be talking about equipment, wood, process, finishing, etc. I've often wondered about the similarities to our woodcarving activities and process. I'm looking forward to a better understanding and how

chainsaw carving relates to what we do as carvers.
